OPPORTUNITIES PACKAGE

June 23-26, 2026

[2026 Knoxville - ISMPB](#)

Dear Academic & Institutional Partners,

It is our pleasure to invite you to support our 2026 ICAMPAM Conference, which will be held **from June 23-26, 2026, in Knoxville, Tennessee, USA.**

This will be the **10th ICAMPAM Conference for ISMPB**, where we hope to continue to have expanded scientific dialogue within our field. Our conference provides an excellent opportunity to showcase to people around the globe the compelling research and dialogue emanating from your own researchers and students.

Our conference will be held in person and will include keynote speakers, panel speakers, symposiums, oral talks and posters.

As an ICAMPAM 2026 SUPPORTER you will receive exposure to 300+ attendees. Full details can be found in this package.

What is the **ICAMPAM** Conference?

The **International Conference on Ambulatory Monitoring of Physical Activity and Movement (ICAMPAM)** is hosted by the International Society for the Measurement of Physical Behaviour (ISMPB). This international conference will provide a forum for researchers to discuss the latest developments in physical behavior monitoring using wearable devices. The conference will serve as a meeting point for young scientists and renowned experts in the field of health sciences, engineering, medical sciences, physiology, psychology, sports sciences and more.

The International Society for the Measurement of Physical Behaviour (ISMPB) is a non-profit scientific society which focuses on the issues related to ambulatory monitoring, wearable monitors, movement sensors, physical activity, sedentary behaviour, movement behaviour, body postures, sleep and constructs related to physical behaviours.

Who **attends** the Conference?

The Conference will be attended by researchers, students, postdocs and practitioners from around the world. We are expecting **approximately 300+ attendees** at ICAMPAM but could attract many more for this conference and its virtual component.

Why participants will attend:

- High-quality, leading-edge content
- A great opportunity for students to learn from others and to share and receive feedback on their research
- Reasonable registration fees
- Networking with peers from around the world
